Overview

The Montana State University implementation of the Ithaka S+R Local Faculty Survey was launched on March 4, 2014, and was closed to new responses on March 31, 2014, with a total of 209 complete responses. The survey covers many scholarly research and teaching-related topics, overlapping with several iterations of the Ithaka S+R U.S. Faculty Survey. The questionnaire covers topics in several key areas, including: how scholars discover materials for research; faculty members' use of varying types of materials and formats; the ways faculty members' access content; their digital research activities and methodologies; data preservation and management behaviors and needs; scholarly communications practices and attitudes; faculty members' views of their students' research skills; and the role of the library in supporting faculty members' needs. The following report provides a high-level overview of findings from the MSU faculty survey.¹

Details

All 469 MSU faculty members received an email invitation to participate in a survey about the impact of electronic technologies on their research and teaching.² Two email reminders were sent before the close of the survey. In total, 290 respondents clicked the survey link (about 62% of those who received the email invitation), with 280 of those starting the survey (about 60%), and 209 of those respondents completing the survey, for an overall response rate of about 45%. Due to the survey flow and skip patterns, not all MSU faculty respondents received every question in the survey.

How to interpret the findings

For each question in the MSU faculty survey, this document provides a graph and table of overall responses. Responses are generally grouped together into categories for questions where respondents are asked to respond on a 1 to 10 scale. We report on responses in three categories: 1-3 (strong negative response), 4-7 (moderate or indifferent response), and 8-10 (strong positive response). Questions that use a 1-6 scale, and their responses are similarly grouped into categories: 1-2 (strong negative response), 3-4 (moderate or indifferent response), and 5-6 (strong positive response). Title pages provide information about survey flow and contingent items, which signify that a question was only presented to those who satisfied a condition in their response to another question.

Comparative data are included for selected modules or questions that overlap with the Ithaka S+R 2012 US Faculty Survey. These graphs compare strong positive responses

¹ This report covers results from completed surveys and does not include an overview of partially completed responses. Partially completed responses are included in the spreadsheet of raw data.

² The maximum n is 467, after taking consideration of 2 undeliverable emails.

between MSU faculty members (in the aggregate), faculty members nationally at R1 institutions who completed the Ithaka S+R 2012 US Faculty Survey, and faculty members nationally who completed the Ithaka S+R 2012 Faculty Survey (i.e. including those faculty members at R1 institutions).³

If you have any questions about this report or working with the data provided, please contact Alisa Rod, Ithaka S+R Survey Coordinator, at alisa.rod@ithaka.org.

³ The comparative data graphs are labeled: **[Comparative Data]**. These graphs display comparisons between the three groups of faculty members (i.e. MSU faculty members, R1 faculty members nationally, and faculty members nationally as an aggregate) for “strong positive responses,” which is the percent of respondents who selected 8-10, 5-6, “Often”, or “Yes” to corresponding response options and answer scales. Tables with response summary overviews from the US Faculty Survey are not included in this report (i.e. all tables included in this report display MSU faculty member responses only). Please refer to the US Faculty Survey file of findings for the national data.

Q1

Below are four possible starting points for research in academic literature. Typically, when you are conducting academic research, which of these four starting points do you use to begin locating information for your research? Please select one of the following answers.

Q2

When you try to locate a specific piece of secondary scholarly literature that you already know about but do not have in hand, how do you most often begin your process? Select one of the following answers.

Q3

When you explore the scholarly literature to find new journal articles and monographs relevant to your research interests, how do you most often begin your process? Select one of the following:

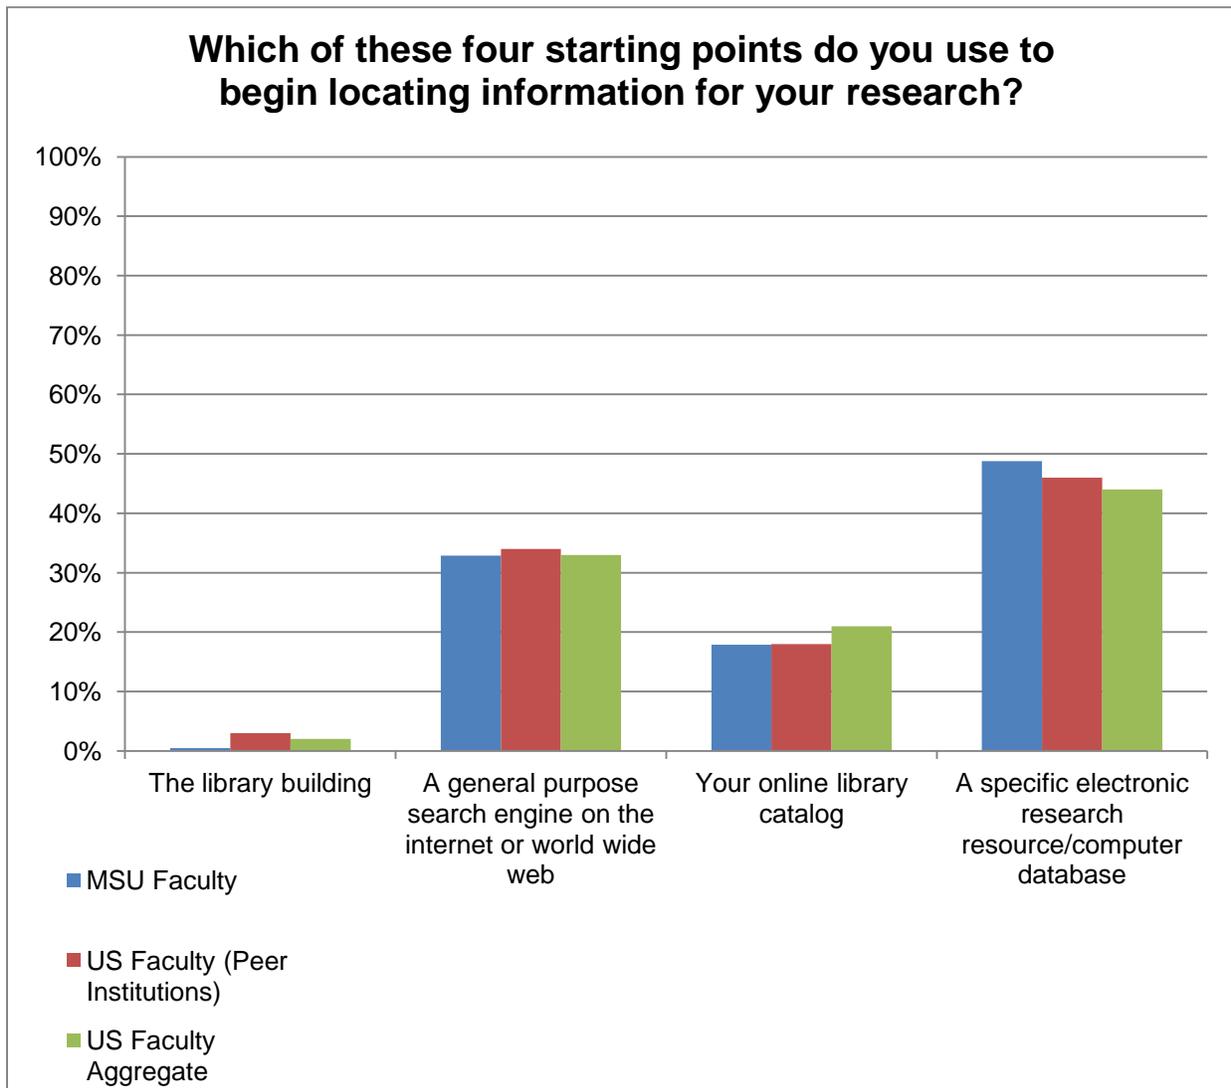

Q4_1 – Q4_10

You may employ a variety of different tactics to "keep up" with current scholarship in your field on a regular basis. Please use the scales below to rate from 10 to 1 how important each of the following methods is for staying current with new scholarship in your field, where 10 equals "Extremely important" and 1 equals "Not at all important." Please select one rating for each item.

Q1

Below are four possible starting points for research in academic literature. Typically, when you are conducting academic research, which of these four starting points do you use to begin locating information for your research? Please select one of the following answers.

	Response	Percent
The library building	1	0.48%
A general purpose search engine on the internet or world wide web	68	32.85%
Your online library catalog	37	17.87%
A specific electronic research resource/computer database	101	48.79%

Digital Research Activities

Q5_1 – Q5_6

How important to your research is each of the following digital research activities and methodologies today? Use the scales below to rate from 10 to 1 where 10 equals "Extremely important" and 1 equals "Not at all important." Please select one answer for each item.

Q6

Please select the statement below that best describes your point of view:

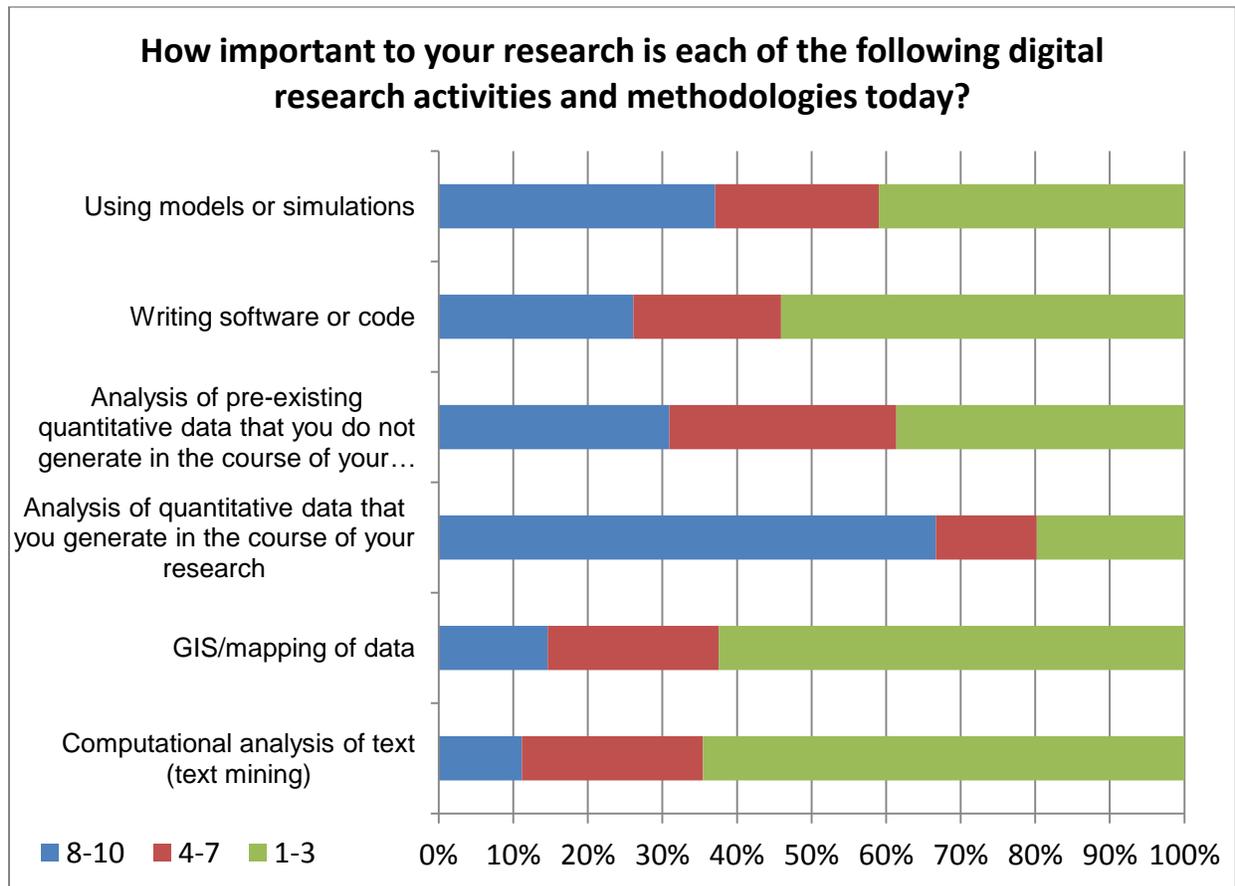

Q7_1 – Q7_5

Please use the 10 to 1 scales below to indicate how well each statement below describes your point of view – a 10 equals "Extremely well" and a 1 equals "Not at all well." You may pick any number on the scale. The higher the number, the better you think the statement describes your point of view. The lower the number, the less you think the statement describes your point of view.

Research Dissemination

Q8_1 – Q8_7

You may have the opportunity to share the findings of your scholarly research in a variety of different formats. Please use the scales below to indicate how often you have shared the findings of your scholarly research in each of the following ways in the past five years – often, occasionally, rarely, or never. Please select one answer for each item.

Q9_1 – Q9_9

When it comes to influencing your decisions about journals in which to publish an article of yours, how important to you is each of the following characteristics of an academic journal? Please use the 10 to 1 scales below where a 10 equals "Extremely important" and a 1 equals "Not at all important." Select one answer for each item.

Q10_1 – Q10_4

Q16

How dependent would you say you are on your college or university library for research you conduct? Please rate from 10 to 1 where 10 equals "Completely dependent" and 1 equals "Not at all dependent."

Q17_1 – Q17_6

How important is it to you that your college or university library provides each of the functions below or serves in the capacity listed below? Please use the scales below to rate from 6 to 1, where 6 equals "Extremely important" and 1 equals "Not at all important." Please select one answer for each item.

Q18

Some libraries offer a range of digital services, like resources and facilities for instructional design, media creation, video editing, and more. How important is it to you that your library offers these digital services? Please use the scales below to rate from 6 to 1, where 6 equals "Extremely important" and 1 equals "Not at all important."

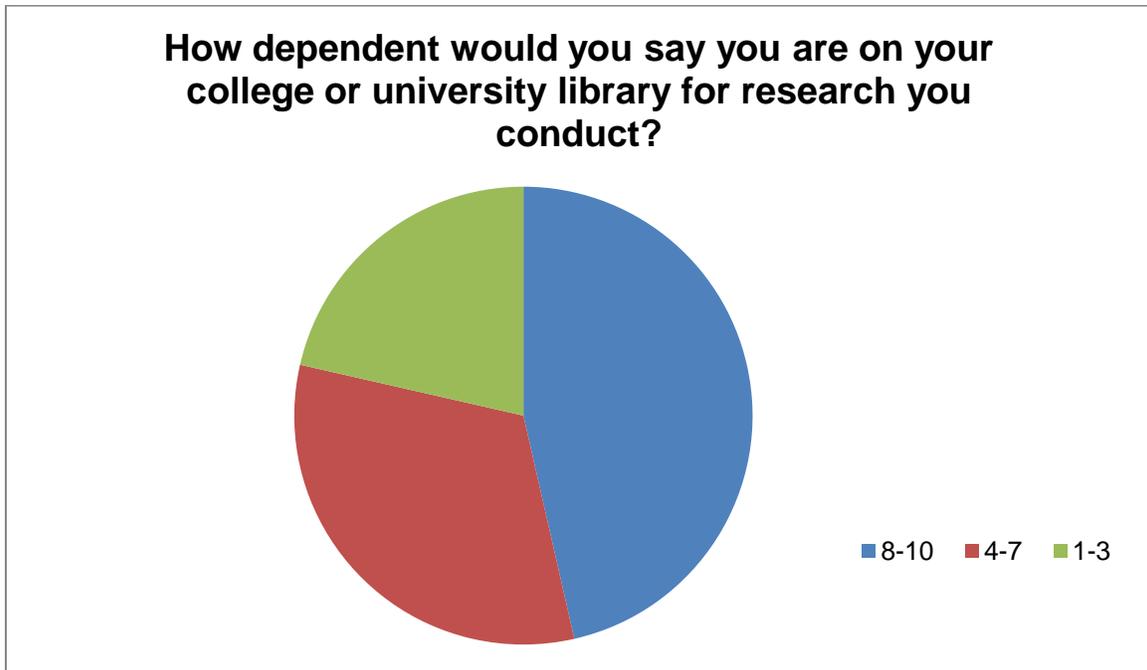

Q19

Please use the 10 to 1 scales below to indicate how well each statement below describes your point of view - a 10 equals "Extremely well" and a 1 equals "Not at all well." You may pick any number on the scale. The higher the number, the better you think the statement describes your point of view. The lower the number, the less you think the statement describes your point of view.

Q39_1 – Q39_7 [**Contingent on Q37 and Q38**]

How important to your research are the following types of data? Use the scales below to rate from 10 to 1, where 10 equals "Extremely important" and 1 equals "Not at all important." Please select one answer for each item.

Q40_1 – Q40_8 [**Contingent on Q37 and Q38**]

When you think about managing or preserving the research data that you collect, how important are each of the following features or how important would each of the following features be? Use the scales below to rate each item 10 to 1, where 10 equals "Extremely important" and 1 equals "Not at all important".

Q41_1 – Q41_7 [**Contingent on Q37 and Q38**]

Please use the 10 to 1 scales below to indicate how well each statement below describes your point of view, where a 10 equals "Extremely well" and a 1 equals "Not at all well." You may pick any number on the scale. The higher the number, the better you think the statement describes your point of view. The lower the number, the less you think the statement describes your point of view.

Q42_1 – Q42_8 [**Contingent on Q37 and Q38**]

Please use the scale below to rate from 10 to 1 how valuable you would find each of the following possible sources of support for managing or preserving research data or how valuable you do find each of the following sources of support for managing or preserving research data, where 10 equals "Extremely valuable" and 1 equals "Not at all valuable." Please select one answer for each item.

Q43_1 – Q43_7 [**Contingent on Q37 and Q38**]

How important to your research are the following types of digital image or media collections? Use the scales below to rate from 10 to 1, where 10 equals "Extremely important" and 1 equals "Not at all important." Please select one answer for each item.

Q44_1 – Q44_7 [Contingent on Q37 and Q38]

Use the scales below to rate each item 10 to 1, where 10 equals "Extremely important" and 1 equals "Not at all important".

Q45_1 – Q45_7 [Contingent on Q37 and Q38]

Please use the 10 to 1 scales below to indicate how well each statement below describes your point of view, where a 10 equals "Extremely well" and a 1 equals "Not at all well." You may pick any number on the scale. The higher the number, the better you think the statement describes your point of view. The lower the number, the less you think the statement describes your point of view.

Q46_1 – Q46_8 [Contingent on Q37 and Q38]

Please use the scale below to rate from 10 to 1 how valuable you would find each of the following possible sources of support for managing or preserving image or media data or how valuable you do find each of the following sources of support for managing or preserving image or media data, where 10 equals "Extremely valuable" and 1 equals "Not at all valuable." Please select one answer for each item.

Q47_1 – Q47_5 [Contingent on Q37 and Q38]

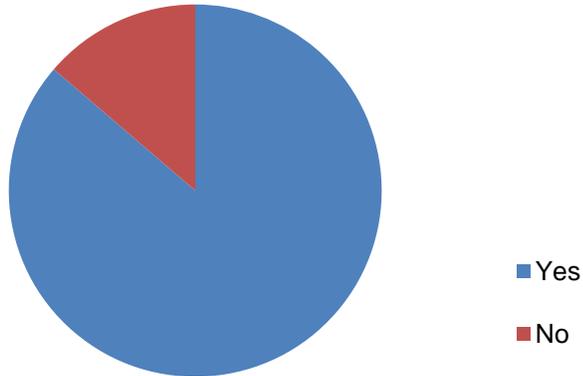

If these collections or sets of research data are preserved following the conclusion of the projects, what methods are used to preserve them? Please select each method by which they are preserved or indicate that they are not preserved.

Q37

In the course of your research, you may build up collections of scientific, qualitative, quantitative, or primary source research data. Do you accumulate any of these types of data in your research? Please select one answer.

	Response	Percent
Yes	170	86.29%
No	27	13.71%
	197	100%

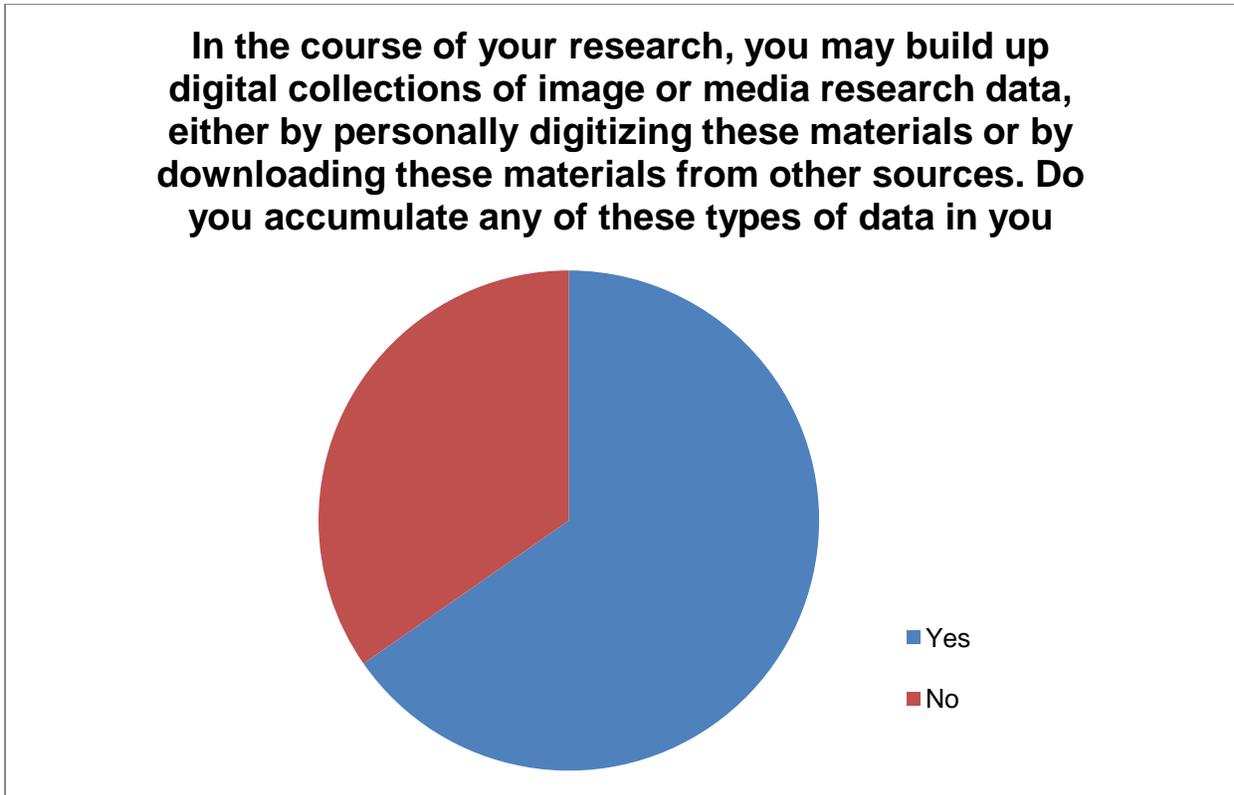

In the course of your research, you may build up collections of scientific, qualitative, quantitative, or primary source research data. Do you accumulate any of these types of data in your research?

Q38

In the course of your research, you may build up digital collections of image or media research data, either by personally digitizing these materials or by downloading these materials from other sources. Do you accumulate any of these types of data in your research? Please select one answer.
