

CALIFORNIA FOREST & RANGE EXPERIMENT STATION

LIBRARY
Reference

December 31, 1942, 194.....

Designation or Subject

MR HORMAY

MEMORANDUM FOR.....

I checked in the following places for material on bitterbrush, but as you see the yield was slim: Agricultural index, 1916 to date; Biological abstracts, Botanical abstracts, Experiment station record, Chemical abstracts, Index veterenarius; Marseilles index; U.S. Dept. of Agri. pub. index; Index of the Surgeon general's office; Index medicus (only 1939-42) and card catalog of UC library. Also Jr. of wildlife management & Calif. fish and game.

Dixon, J. S. A study of the life history and food habits of mule deer in California. pt. 2. Food habits. Calif. fish and game 20(4):315-354. Oct-1934.

Edwards, O. T. Survey of winter deer range, Malheur national forest, Oregon. Journal of wildlife management 6(3):210-220. July 1942.

Forsling, C. L. & Storm, E. V. The utilization of browse forage as summer range for cattle in southwestern Utah. Wash., U.S. Govt. print. off., 1929. 30 p. (U.S. Dept. agri. Circ. 62)

Kennedy, P. B. & Dinsmore, S. C. Digestion experiments on the range. Reno, 1909. 38 p. (Nevada. Agr. expt. sta. Bul. 71)

Sampson, A. W. Native American forage plants. N.Y., J. Wiley, 1924. 435 p.

U.S. Forest service. Range plant handbook. Wash., U.S. Govt. print. off., 1937.
