Director
Pacific Southwest Forest and Range Experiment Station
P. O. Box 245
Berkeley, California

Dear Sir:

The BLM Arizona State Office has informed us verbally that in connection with Mr. Hormay's grazing system training schedule preparation period they intend to show Mr. Hormay two allotments on the Arizona strip and one in the Kingman District on November 30, December 1 and 2. They will arrive in Phoenix in time for Mr. Hormay to catch a late afternoon or evening flight to Albuquerque.

The Albuquerque District will prepare a trip for December 3 which will include one or two allotment inspections with a return to Albuquerque that evening. The Socorro District will prepare a trip for December 4 which will include one or two allotment inspections with a return to Albuquerque that evening.

The Albuquerque District Manager will make hotel reservations in Albuquerque as soon as we receive confirmation from Mr. Hormay that the above arrangements are satisfactory. If he has any hotel preference in Albuquerque we would appreciate hearing from him on this also.

The Albuquerque District personnel will pick Mr. Hormay up at the hotel for the field trip on the morning of December 3 and this office will make arrangements for transportation to Socorro on December 4.

Sincerely yours,

[Signature]
W. J. Anderson
Acting State Director
4200
2 October 1964

Mr. Lowell M. Puckett
State Director
Bureau of Land Management
667 Gas and Electric Building
910 - 15th Street
Denver, Colorado

Dear Mr. Puckett:

I plan to be in Grand Junction, Colorado, the morning of October 26 as suggested in your letter of September 28. I would appreciate seeing two or three allotments in your State and also some in Utah the latter part of the week. Any arrangements you make for this will be satisfactory.

My travel schedule for this trip is as follows:

25 October
11:15a Lv Reno via Western AL #408
7:14p Ar Grand Junction via Frontier AL #515

7 November
1:40p Lv Salt Lake City via Western AL #441
3:06p Ar Reno

I am looking forward to discussing range problems with Bureau of Land Management personnel in Colorado and Utah.

Sincerely yours,

A. L. Hornaday
Range Conservationist

ALH:che
Mr. E. G. Dunford
Assistant Director
U.S. Department of Agriculture
Forest Service
1960 Addison Street (P.O. Box 245)
Berkeley, California 94701

Dear Mr. Dunford:

In response to your memorandum of August 18, we are developing plans and data for Mr. Hormay's range training classes at Albuquerque, 12/7-11/64.

For the preparation period, 11/30-12/4, we plan the following schedule, concurred in by the Acting State Director for New Mexico. Assuming that Mr. Hormay will travel by air, BLM personnel would meet him at the airport, Cedar City, Utah. Bonanza Airlines has flights leaving Salt Lake City at 11:15 a.m. and 3:30 p.m. Flight time is approximately one hour.

From Cedar City by automobile to St. George, Utah (our district office for the Arizona Strip District) and from there inspect two allotments on the Arizona Strip. Then, travel by automobile to Kingman, Arizona, via Las Vegas, Nevada; inspect one allotment near Kingman and then on to Phoenix, arriving here Wednesday evening December 2. From Phoenix Mr. Hormay could fly to Albuquerque on Thursday. TWA has a non-stop jet leaving at 7:15 a.m. and a Constellation leaving at 7:45 a.m., and there are other airline flights available to Albuquerque.

We are looking forward to Mr. Hormay's visit to Arizona, and his training sessions. If you have any comments or suggestions regarding the proposed itinerary for Mr. Hormay, please advise.

Sincerely,

[Signature]

State Director
Mr. J. R. Penny
State Director
Bureau of Land Management
P. O. Box 1591
Reno, Nevada

Dear Mr. Penny:

I will be in Susanville, California, just before I start the two-week range training program with Bureau of Land Management personnel in California and Nevada. For this reason, it may be more convenient to visit range allotments in California the first half of the week and those in Nevada the second half. Any arrangements you make will be satisfactory. Please write me in Berkeley of your final plans.

I appreciate your making reservations for me at the Holiday Hotel. I am looking forward to meeting with you and your people and having a profitable session.

Sincerely yours,

A. L. Hormay/L

State Director, Colorado

October 8, 1964

State Director, Utah

Inspection of Colorado and Utah Ranges by A. L. Hormay

Reference is made to the proposed itinerary of Mr. Hormay in which he plans on inspecting typical ranges in Colorado and Utah during the week of October 26.

In order that Mr. Hormay will have an opportunity to become familiar with some of the Utah ranges before the training program on grazing systems is started the following week, we would like to meet him at some location in western Colorado or eastern Utah on the morning of October 28 or 29, so that we can visit these ranges.

As soon as your plans concerning this field trip are firmed up will you please advise me.

October 16, 1964

Mr. August L. Horman
Pacific Southwest Forest
and Range Experiment Station
Berkeley, California

Dear Gus:

I want you to know how much we appreciate the tremendous efforts on your part in presenting your class on rest-rotation grazing and putting us on a sound base for our move into intensive range management.

This session was quite timely in that most of our districts are at or nearing the end of the adjudication process.

I hope that when you next visit Montana you will find several allotments under rest-rotation management and that you will not find so much grass going to waste. Thanks again for an excellent training session.

Sincerely yours,

Eugene H. Newell
Acting State Director
October 16, 1964

Director
Pacific Southwest Forest
and Range Experiment Station
Berkeley, California

Dear Sir:

I should like to express our thanks to you for making Mr. A. L.
Hornay available to us for an excellent training session on the
principles of rest-rotation grazing.

It is extremely difficult to present a new concept to range
managers who have always worked with a continuous grazing concept.
In addition, the principles and concepts of rest-rotation grazing
are somewhat difficult to comprehend. I do feel, however, that
by the end of the session Gus was able to put across and make the
group understand what rest-rotation is all about.

Thank you again for making Gus available to us and we sincerely
hope that we may be allowed to call upon him again in the future
as I am sure the need will arise.

Sincerely yours,

Eugène H. Newell
Acting State Director
Mr. John R. McGuire, Director  
Pacific Southwest Forest & Range Experiment Station  
1960 Addison St. Box 245  
Berkeley, California 94701

Dear Mr. McGuire:

We feel it appropriate to express our thanks for a job well done by Mr. A. L. Hormay of your Station.

Mr. Hormay presented well organized information founded on scientific principles with a person-to-person delivery that was practical, interesting and affective. Our personnel were enthusiastic regarding the workability of the rest rotation system of grazing management. We are looking forward to incorporating Mr. Hormay's teachings into our range management programs as we believe the results will be beneficial to the public land resources and those dependent on them.

Sincerely yours,

Joe T. Fallini
State Director
Mr. A. L. Hormay  
Range Conservationist  
Pacific Southwest Forest and Range  
Experiment Station  
P.O. Box 245  
Berkeley, California 94701  

Dear Mr. Hormay:

We understand your plans now provide for spending the early part of the week of November 9-13 in California studying range allotments in preparation for the following weeks training session in Reno.

Our six California Districts have selected the following allotments in preparation for the Reno training session:

<table>
<thead>
<tr>
<th>District</th>

Mr. F. G. Weiler
State Director
Bureau of Land Management
3022 Federal Building
Phoenix, Arizona 85025

Dear Mr. Weiler:

In reference to your letter of October 2, the preparation schedule you have planned for my trip to Arizona and New Mexico is satisfactory. My travel schedule for this trip is as follows:

11/29 7:30a  Lv San Francisco via Western AL #690
       12:55p  Ar Cedar City via Bonanza AL #511

12/12 8:05a  Lv Albuquerque via TWA #199
       12:35p  Ar San Francisco

I appreciate hotel reservations being made for me, and I am looking forward to discussing range problems with Bureau of Land Management personnel in Arizona and New Mexico.

Sincerely yours,

A. L. Hormay
Range Conservationist

Hormay

ALH:ehe
TO: John R. McGuire, Director
FROM: Neal M. Rahm, Regional Forester, PSW
SUBJECT: Performance, Training

The Beaverhead and Deerlodge National Forests have requested the services of A. L. Hormay to present his five-day training session in grazing management, the same as he gave in Missoula March-April 1964. The training would be given to Rangers and their assistants, not to exceed 30 people.

If Gus can be spared to give this training, we suggest the dates of February 8-12 or March 1-5, 1965.

The Forests could handle the costs of salary, per diem, and travel.

We are hopeful that this meeting can be arranged.
