Dear Sue,

The names added to the form reflect the names by which the allotments are now called. Hopefully they are the same allotments you looked at.

We would be interested and appreciate being kept abreast of your latest work, findings, research etc., if it's practical for you to do so.

Best wishes,

Dear Gus:

Attached is the information you requested as we have received it from the districts. It will be a pretty awesome map when you get all the allotments plotted on it. The results will represent the most extensive and concentrated effort on range management that has ever been accomplished by one person.

No '56 Chevrolet parts in Boise, but there is a chance in Nampa if I get the opportunity to get over there.

Hope all is well with you.

Sincerely,

FORM AD-838 (7-75)
Mr. Ralph Fries, Manager  
C.M. Russell National Wildlife Refuge  
P. O. Box 110  
Lewistown, Montana 59457

Dear Ralph:

As a result of discussions over the telephone with both you and Mike Hedrick, just thought I would check on the proposed spring inspection of the Nicholes Coulee and Telegraph Creek Management areas.

Mike indicated a proposed time frame of April 28 - May 2. Conversation with Hormay indicated he would rather make the trip around May 22 - 30.

Has a date been established when you plan to do this?

If possible, could you let me know within a week or so? Thanks.

Sincerely,
