Brother Wisenall

I have been waiting for some return from that first sale I made but the party have taken the time I agreed on to examine the property so I shall have to start Monday morning if I live for the mountains shall stop in Omaha a day or two and right off again the sale will be sure as soon as they can go out there and back I shall return with them the six thousand feet that best property I have sold also but the mining Engineers are going out with me Bro James Isaac is one of them and I believe all will right just as soon as I get back with them and have their report you will have to wait until I get back somehow for your money I have borrowed enough for my family to live on until I get back and pay Expenses out and back and shall try to get enough to pay you one hundred Dollars that I borrowed of you to help you until my return next fall I have made up my mind to bring all the Articles of sale and let Brother N. D. Isaac of Omaha hold them in case I should get killed so you will know all that I have done I have a copy of all articles in my hands and shall deposit them with him at Omaha be serious the parties I have sold too they are worth their millions yet they want to examine for themselves well all right I want they should do so I feel sure that all will come off well on our side I have sold very low so that I can sell clean out I will not get as much as you asked for your half on account of my Expenses

out there it will cost me nearly 20 per cent from my  
half lower than what we talked of that is I have sold  
so that I get or am to get about 400 thousand Dollars  
altogether - but I shall have to pay my Expenses out of  
my part out & Back again I have Borrowed and  
paid out completing the sale as near as it is done  
more than 600 Dollars and will cost me over 3000 Dollars  
by the time I get Back again but I shall put it through  
I am on the right track and the parties are rich  
and sure after they are satisfied and I want them  
fully satisfied before they close the thing up Wp Isaacs  
seems them well the party are all right I have no  
time now <sup>to get your Books</sup> as I must start without delay Monday morning  
the men for Examination are now all ready and I am to  
have a check for the money on Monday morning so  
I'll be off I shall write you when I arrive at Omaha  
and when I get to Montana and keep you posted and  
when I return you shall have your money & stock  
as per Agreement both parties are going to send out with  
me and all will be done at the same cost I wish you will  
write to me right away so I can get your letter when I get  
at Omaha before starting pray Brother that the Lord will take  
care of me on that trip it will be awfull I have spent but  
a very short time home with my family but I have started the  
sale and must follow it up now there is no back out now but  
you must pray yes pray again and again that the Lord will help  
us and preserve but if you hear that I am killed going or coming  
then you must go to Wp Isaacs and you will there find the papers
