

Omaha City May 18

Dear Brother Wisenall

I have arrived at home
and have got a little money for my family to
untill I go out to montana to have our interest
Developed and get an Examination made on them
See that I am at a large Expense to get the highest price
for our interest but Brother I Will do for you as I would
for myself you will realises 200,000 Dollars for your half
if it does take off some of my part to have all Consumated
So you must Wait patiently for my return next fall and if
you do have to work a little while untill I Can get all sold
you will find it Will be to your Best interest for you see
how I am Sacrificing time and money to bring it about
I have all our interest under Contract to the Wealthiest
firms in america truly God has helped me so far and
as soon as they are Satisfied which I know they Will be
then the money will come that first Sale may be Completed
before I get Back as soon as the report can be had by
letter then I have ordered the Bank or ^{Mr} Wams & McAndrew
to notify Mr Isaacs to that Effect and have left orders
for them to send him 3000 dollars and have ordered
him to remit it straight to you but all the Balance
Will be left in the Bank untill my return so I Can give
them the Deeds and Will then bring you the money
myself all the articles of agreements are at my house
in my wifes possession so if I should be killed you must
then come up to omaha and you can see where I have
sold and what for and all about them but my father
Will no doubt spare me to return if I should not be spared
you will get a letter from my wife as she will learn all about it
Bro Mr N P Isaacs of omaha is well acquainted with the parties I have sold
my interest too they are very rich and if I live Ill Complete the
Sale I think that first Sale Will be reported on by the last of
June so that Bro N P Isaacs Can get 3000 Dollars for you by that

all hurry them up to report Just as soon as they get on
I can get the money the reason I left orders for Brother
to order 3000 Dollars before I get Back is because he is a
lies and as I wont be home to deliver the Deed before I
he will vouch for or give them security that they will
be honestly dealt with for the money paid before the Deeds are given
now Bro John you may think strange that I did not get the money
from that first sale but the reason is this that in my article of
agreement I granted them 120 Days to form their Company in with
an understanding that if they wanted to send out to see if the lodes
were all there and duly recorded I was to allow 60 Days for that
purpose Well this some of the Company want done and I feel willing
so to do for it is but right that they should see for themselves but it
puts me to a great Expence still I can have the other interest
Examined all at the same time and shall do so and save further
Expence times where never so hard to sell Quarts or anything
in England or America as at the present for all are preparing
for a wonderfull sickly year in all our Cities and business men
are afraid to go into any large business stork that has been
selling Dollar for Dollar does not bring fifty cents now so you
see that the good lord has favoured us in finding sales at any price
and he will bring us out all right if we trust in him Brother I am
still serving my Blessed Lord and am happy Every Day may God
bless you and your mother and sisters in the prayer of
your old partner
