A Look Ahead…

- A discussion about the networked research environment and the role that emerging "push" technologies have in this environment
- A look at the emerging "Do It Yourself" internet culture and the ways libraries can participate
- Ways to use new technologies: widgets, gadgets and Flash animated finding tools
- Demo and walkthrough of the code that makes it happen
Do It Yourself (DIY)

- Libraries can play a role for patrons
- Creating tools that support independent searching and other library tasks
- Open web examples:
