World's Dispensary, 663 to 670 Washington St., Buffalo, N. Y.

The above illustration represents the immense six-story building occupied exclusively for the manufacture of *Dr. Pierce's Standard Medicines*, and known as the *World's Dispensary*. Within its walls are prepared a series of remedies of unsurpassed excellence, which have acquired a world-wide reputation and sale.

THE PEOPLE'S COMMON SENSE MEDICAL ADVISER

BY R. V. PIERCE, M. D.

This popular work contains important information for the young and old of both sexes, married and single, and is the best medical work published in this country for the home reader. MEN AND WOMEN are sometimes tempted to ask their family physician questions on delicate matters, but are deterred from doing so by their sense of modesty. This work answers many such questions fully and plainly, as to leave nothing to be asked. It contains 1,000 pages, 300 colored and other illustrations, is bound in cloth, and will be sent to any address on receipt of $1.50.

NO HONOR AMONG THIEVES.

If our medicines did not possess superior merit, do you suppose that dealers would offer and try to press upon you something whose only claim is that "it is just as good" as ours? Of course such fraudulent imitations pay the dealers larger profits than ours. But if such parties are so unscrupulous and dishonest as to try to steal the well-earned reputation that our medicines have gained, by compounding, or purchasing and offering poor imitations thereof, styling them "non-secret" remedies, or whatever you please, are they likely to be more honest in compounding and furnishing a good medicine to their patrons? If they attempt to wrong the honest manufacturer by imitating or counterfeiting his productions, are they likely to deal squarely with the sick and afflicted?

Remember, there is no honor among thieves. They can quite as honorably take your money for a worthless medicine, as to attempt to steal the reputation of a genuine and good medicine, that has gained its standing by its merits, backed by a large expenditure of money by its owners, who are justly entitled to all the benefits naturally accruing therefrom. Therefore, always buy the genuine medicines of Dr. PIERCE. They have stood the test of many years, and are to-day more popular than ever. Never take something said to be "just as good." Our standard medicines are sold by druggists the world over.

Let's reason together.

Here's a firm, one of the largest the country over, the world over; it has grown, step by step, through the years, to greatness—and it sells patent medicines!—ugh!

"That's enough!"—

Wait a little—

This company pays the newspapers good money (expensive work this advertising!) to tell the people that they have faith in what they sell, *so much faith* that if they can't benefit or cure they don't want your money. Their *guarantee* is not indefinite and relative, but *definite* and *absolute*—if the medicine doesn't help, your money is "*on call.*"

Suppose every sick man and every feeble woman tried these medicines and found them worthless, who would be the loser?

The medicines are Dr. Pierce's Golden Medical Discovery, for Liver, Blood and Lung Diseases, Dr. Pierce's Pellets, or Anti-Bilious Granules, a superior laxative and cathartic, and his "Favorite Prescription," for woman's peculiar ills. If they help toward health, they cost $1.00 a bottle each, for the "Discovery" and "Favorite Prescription," and 25 cents a vial for the "Pellets." If they don't help you, *they cost nothing!*

Talk's cheap, but when it's backed up by a pledge of the *hard cash* of a financially responsible firm, or company, of world-wide reputation for fair and honorable dealing, *it means business!*

Now, there are scores of sarsaparillas and other blood-purifiers, all cracked up to be the best, purest, most "*peculiar*" and wonderful, but bear in mind (for your own sake), there's only *one guaranteed* blood-purifier

and remedy for torpid liver and all diseases that come from bad blood.

That *one*—standing solitary and alone—sold *on trial*, is

Dr. Pierce's Golden Medical Discovery.

If it doesn't do good in every case of skin, scalp and scrofulous disease—and pulmonary consumption is only lung-scrofula—just let it's makers know and get your money back.

Talk's cheap, but to back a poor medicine, or a common one, by selling it *on trial*, as "Golden Medical Discovery" is sold, would bankrupt the largest fortune.

All the year round, you may rely upon Dr. Pierce's Golden Medical Discovery to purify the blood and invigorate the system. It's not like the sarsaparillas, that are said to be good for the blood in March, April and May. The "Golden Medical Discovery" works equally well at all times, and in all cases of blood-taints, or humors, no matter what their name or nature.

It's the *cheapest* blood-purifier, sold through druggists, no matter how many hundred doses are offered for a dollar, because you only pay for *the good* you get.

Your money is returned if it doesn't benefit or cure you.

Can you ask more?

All Dr. Pierce's medicines are sold on this *peculiar* plan. The manufacturers take all the risk by selling them *on trial!* As no other medicines are sold, through druggists, on such liberal and trying terms—*it's an insult to your intelligence* for any dealer to attempt to substitute other medicines for these, by recommending them to be "just as good," only that he may thereby make a larger profit.

"It makes me tired! People ask me—is marriage a failure? Of course 'taint; s'pose I don't know my biz—what am I here for?" If the women only keep healthy they keep in good spirits and cupid is in demand. Let every enfeebled woman know this—there's a remedy that'll cure her, the proof's positive.

Here's the proof—if it doesn't do you good within reasonable time, report the fact to its makers and get your money back without a word—but you won't do it!

The remedy is Dr. Pierce's Favorite Prescription—and it has proved itself the right remedy in nearly every case of "female weakness." It is not a miracle. It won't cure *everything*—but it has done more to build up enfeebled and broken-down women than any other medicine known.

It removes unnatural suppressions and all distressing and painful irregularities, cures prolapsus, or falling of the womb, leucorrhea, ulceration and kindred ailments.

Don't be persuaded into accepting some inferior substitute for this—*the only guaranteed* remedy for such ailments, under the pretense that it is "just as good" as "Favorite Prescription."

Its makers sell it *on trial!*

It has no rival and no substitute is sold on such liberal and trying terms.

The reason can easily be guessed.

The makers of Dr. Sage's Catarrh Remedy say—"If we can't cure *you* (make it personal, please,) of Catarrh in the Head, in any form or stage, we'll pay you $500 for your trouble in making the trial."

Now if the conditions were reversed—if they asked you to pay $500 for a positive cure you might hesitate. Here are reputable men, with years of honorable dealing; thousands of dollars and a great name back of them and they say—"We can cure you because we've cured thousands like you."

"An advertising fake," you say.

Wise men don't put *money* back of "fakes."

And "faking" doesn't pay.

It takes 1000 people to buy Dr. Sage's Catarrh Remedy, at 50 cents a bottle, to make up $500.

One failure to cure would take the profit from 4000 sales.

Its makers claim to cure "cold in the head," and even Chronic Catarrh, and if they fail they pay $500 for their over-confidence—

Not in newspaper words but in *hard cash!*

Think of what confidence it takes, for a responsible house, to put that in the papers—and *mean* it.

They say: "We'll write it down till every body sees it

Till everybody is sick of seeing it

Till everybody knows it without seeing it—that Dr. Sage's Catarrh Remedy cures the *worst* cases of Chronic Catarrh in the Head, no matter of how long standing."

Its makers believe in the Remedy. Isn't it worth a trial? Isn't any trial preferable to Catarrh?

Taken away—sick headache, bilious headache, dizziness, constipation, indigestion, bilious attacks, and all derangements of the liver, stomach and bowels. It's a large contract, but the smallest things in the world do the business—Dr. Pierce's Pleasant Pellets. They're the smallest, but the most effective. They go to work in the right way. They cleanse and renovate the system thoroughly—but they do it mildly and gently. You feel the good they do—but you don't feel them doing it.

As a Liver Pill, the little Pellets are unequaled. Sugar-coated, easy to take, put up in vials, hermetically sealed, and thus always kept fresh and reliable.

A perfect vest-pocket remedy, and only *one* necessary for a laxative or *three* for a cathartic.

They're the *cheapest* pills, because they're the only ones, sold by druggists, that are *guaranteed* to give satisfaction, in every case, or your money is returned.

You only pay for *the good* you get.

That's the *peculiar* plan all Dr. Pierce's medicines are sold on.

Therefore, you should accept no substitutes that may be recommended to be "just as good," that the dealer may make a larger profit, for these little Pellets are absolutely the only Liver Pills, possessed of such merit as to warrant their sale *on trial!*

Satisfaction *guaranteed* or money promptly refunded.

At the head of all blood-purifiers and liver invigorators, stands Dr. Pierce's Golden Medical Discovery. But it's different from all of them. Whatever is claimed for this, it's *guaranteed* to do. The money is refunded in every case where it fails to benefit or cure. It's because it *is* different that it can be sold so.

All diseases originating from a torpid liver or impure blood yield to it. It cleanses and purifies the system, freeing it from all manner of blood-poisons, no matter of what name or nature or from what cause they have arisen.

For Dyspepsia, Biliousness, Scrofula, Sores and Ulcers, Salt-rheum, Tetter, Erysipelas, and all Skin and Scalp Diseases, it is an unequaled remedy. Nothing else can take its place.

For all severe or lingering Coughs, Weak Lungs, Spitting of Blood, Short Breath, Asthma, Consumption (which is scrofulous disease of the lungs), Night-sweats, and all bronchial, throat and lung affections, the "Discovery" surpasses all other medicines.

Remember that "Golden Medical Discovery" is not like any other blood and liver medicines in its composition.

It's *the only one* possessed of such rare curative properties as to *warrant* its makers in selling it, as they are doing, through druggists, under a *positive guarantee*. Therefore, accept no substitute, said to be "just as good," that the dealer may make a larger profit.

It isn't the usual way—it's just the reverse—to pay a patient when you can't cure him. Nevertheless, that's what's done by the proprietors of Dr. Sage's Catarrh Remedy. They pay you $500 if they can't cure your catarrh, no matter how bad the case, or of how long standing.

It isn't mere talk—it's business. You can satisfy yourself of it, if you're interested. And you ought to be, if you have catarrh. It's faith in their medicine that's behind the offer. It has cured thousands of the worst cases, where everything else failed.

You can be cured, too. If you can't, you get the money.

There's a risk about it, to be sure. But it's so small that the proprietors are willing to take it.

They're willing to take the risk—you ought to be glad to take the medicine.

The symptoms of catarrh are, headache, obstruction of nose, discharges falling into throat, sometimes profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent, bloody, putrid and offensive; eyes weak, ringing in ears, deafness; offensive breath; smell and taste impaired, and general debility.

Only a few of these symptoms are likely to be present at once.

Thousands of cases annually run into Bronchitis and Consumption, and end in the grave.

Take Dr. Sage's Remedy *in time*.

Gone—all the painful disorders and chronic weaknesses peculiar to women. They go, with the use of Dr. Pierce's Favorite Prescription. Periodical pains, weak back, bearing-down sensations, nervous prostration, all "female complaints" are cured by it. It is purely vegetable and perfectly harmless—a powerful general, as well as uterine, tonic and nervine, imparting vigor and strength to the whole system. It costs you nothing if it fails to give satisfaction. It's *guaranteed* to do so, in every case, or the money is refunded. It *can* be guaranteed—for it *does* it. No other medicine for women is sold on such terms. No ordinary medicine could be.

That's the way its makers prove their faith in it.

For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a regulator and promoter of functional action, at the critical period of change from girlhood to womanhood, "Favorite Prescription" is a perfectly safe remedial agent, and can produce only good results. It is equally efficacious and valuable in its effects when taken for those disorders and derangements incident to that later and most critical period, known as "The Change of Life."

On the move—Liver, Stomach, and Bowels after Dr. Pierce's Pleasant Pellets have done their work. It's a healthy movement, too —a *natural* one. The organs are not forced into activity one day, to sink back into a worse state the next. They cleanse and regulate — mildly and quietly, without wrenching or griping.

After their use you feel well, instead of bilious and constipated; your sick headache, dizziness and indigestion are gone. It's done mildly and easily, too. You don't have to feel worse before you feel better. That is the trouble with the huge, old fashioned pill. Why not keep up with the nineteenth century? *You* would not buy a steam engine made like those of a century ago. Then why should you buy the old-fashioned, big, drastic pills that gripe and debilitate your system?

As great improvements have been made in pills as in steam engines. Dr. Pierce's Pleasant Pellets are tiny, sugar-coated granules or pills, are easiest to take, and never gripe or shock the system. They are purely vegetable and perfectly harmless.

One little Pellet's a laxative, three to four are cathartic. They regulate and cleanse the liver, stomach and bowels—quickly, but thoroughly. They're the *cheapest* pill, sold by druggists, because you only pay for *the good* you get. They're *guaranteed* to give satisfaction, or your money is returned.

Talking of patent medicines—you know the old prejudice. And the doctors—some of them are between you and us. They would like you to think that what's cured thousands won't cure you. You'd believe in patent medicines if they didn't profess to cure *everything*—and so, between the experiments of doctors, and the experiments of patent medicines that are sold only because there's money in the "stuff," you lose faith in *everything*.

And you can't always tell the prescription that cures by what you read in the papers. So, perhaps, there's no better way to sell a remedy, than to tell the truth about it, and take the *risk* of its doing just what it professes to do.

That's what the World's Dispensary Medical Association does with

Dr. Pierce's
Golden Medical Discovery,
Favorite Prescription, and
Pleasant Pellets.

If they don't do what their makers say they'll do—you get your money back.

The people at the World's Dispensary have a stock-taking time once a year and what do you think they do? Count the number of bottles that've been returned by the men and women who say that Dr. Pierce's Golden Medical Discovery or Dr. Pierce's Favorite Prescription didn't do what they said they would do.

And how many do you think they have to count? One in ten? *Not one in five hundred!*

Here are two remedies—one the "Golden Medical Discovery," for regulating and in-

vigorating the liver and stomach and purifying the blood; the other, the hope of weakly womanhood, and they've been sold for years, sold by the million bottles; sold under a *positive guarantee*, and not one in five hundred can say:

"It was not the medicine for me!"

And—is there any reason why you should be the one? And—supposing you are, what do you lose? *Absolutely nothing!*

You've tried Dr. Pierce's Favorite Prescription, or Dr. Pierce's Golden Medical Discovery, have you, and you're disappointed? The results are not *immediate.*

And did you expect the disease *of years* to disappear in *a week?* Put a pinch of time in every dose.

You would not call the milk poor because the cream doesn't rise in an hour? If there's no water in it the cream is *sure* to rise. If there's a possible cure, Dr. Pierce's Favorite Prescription, or Dr. Pierce's Golden Medical Discovery, is sure to effect it, if given *a fair trial.*

You get your one dollar it costs back again if it doesn't benefit or cure you.

No other medicine for women, and no other blood-medicine, is sold on these terms. With an ordinary medicine, it can't be done.

That's the way their makers prove their faith in them. They contain no alcohol to inebriate; no syrup or sugar to derange digestion—are legitimate *medicines*, not *beverages.*

We wish we could give you *the makers'* confidence. They show it by giving the money back again, in all cases not benefited, and it'd surprise you to know how few dollars are needed to keep up the *refund.*

After dinner, if you have discomfort and suffering, take Doctor Pierce's Pleasant Pellets, or Anti-Bilious Granules. They're made to assist Nature in her own way—quietly, but thoroughly. What the old-fashioned pill did forcibly, these do mildly and gently. They do more, too. Their effects are lasting; they *regulate* the system, as well as cleanse and renovate it. One little Pellet's a gentle laxative; three to four act as a cathartic. They're the smallest, cheapest, the easiest to take. Unequaled as a Liver Pill.

Sick Headache, Bilious Headache, Constipation, Indigestion, Bilious Attacks, and all derangements of the stomach and bowels, are promptly relieved and permanently cured by the "Pellets."

They're the *cheapest* pills you can buy, because they're the only pills *guaranteed* to give satisfaction, or your money is returned.

You only pay for *the good* you get.

Can you ask more?

It's *an insult* to your intelligence, when a dealer, in order that he may make a larger profit, endeavors to induce you to accept some other pill for these, under the pretense that "it is just as good."

There is *no other pill* possessed of sufficient merit to warrant its makers in selling it *on trial*, as Dr. Pierce's Pellets are sold, and no others are sold on such liberal and trying terms. Therefore, no person should be fooled into accepting any substitute for the "Pellets."

Taken in time, even Consumption yields to the wonderful effects of Dr. Pierce's Golden Medical Discovery. It won't make new lungs — but it will make diseased ones healthy when nothing else will. There's reason for it, too.

Consumption is Lung-scrofula. For every form of scrofula, and all blood-taints, the "Discovery" is a positive cure. It's the most potent strength-restorer, blood-cleanser, and flesh-builder known to medical science. For Weak Lungs, Spitting of Blood, Bronchitis, Asthma, Catarrh, and all lingering Coughs, it's an unequaled remedy. It's a *guaranteed* one. If it doesn't benefit or cure, you have your money back. You've everything to gain from it—nothing to lose.

It's especially potent in curing Tetter, Salt-rheum, Eczema, Erysipelas, Boils, Carbuncles, Sore Eyes, Goitre, or Thick Neck, and Enlarged Glands, Tumors and Swellings, Fever-sores, Hip-joint Disease, and Old Sores. Great Eating Ulcers rapidly heal under its benign influence.

The "Golden Medical Discovery" is the *cheapest* blood-purifier and pectoral, sold by druggists, no matter how many hundred doses may be offered for a dollar, because in buying it you *only pay for the good you get.* If not benefited or cured, your money is returned. Therefore, don't be fooled into accepting any substitute, but insist on having "Golden Medical Discovery."

All on one side—the offer that's made by the proprietors of Dr. Sage's Catarrh Remedy. It's $500 reward for an incurable case of Catarrh in the Head, no matter how bad, or of how long standing. They mean what they say; they're responsible, and the offer has been made for years. It's all on *your* side—you lose your catarrh, or you're paid $500 for keeping it. But it's safe for them, too—they know you'll be cured.

Dr. Sage's Remedy produces perfect and permanent cures of Chronic Catarrh in the Head, as thousands can testify. "Cold in the Head" is cured by a few applications. Catarrhal Headache is relieved and cured as if by magic. It removes offensive breath, loss or impairment of the sense of taste, smell or hearing, watering or weak eyes, and impaired memory, when caused by the violence of Catarrh, as they all frequently are.

Choking, sneezing, hawking, expectorating and every other disagreeable symptom of Catarrh in the Head, are subdued by the use of Dr. Sage's Catarrh Remedy.

By its mild, soothing and healing properties it removes the Catarrh without driving the disease to the lungs, as there is danger of doing in using the various "creams," "balms," snuffs, and other preparations so much advertised. This standard remedy for Catarrh has stood the test of twenty-five years, and thousands upon thousands of permanent cures warrant its sale, through druggists, on the *one-sided* terms given above.

There's a good deal of guarantee business in the store keeping of to-day. Half the time it means nothing. Words—*only words*

But this offer to refund the money, or to pay a reward, is made under the hope that you won't want your money back, and that you won't claim the reward. Of course.

So, whoever is honest in making it, and works—not on his own reputation alone, but through the local dealer whom you know, must have something he has faith in back of the guarantee. The business wouldn't stand a year without it.

Everybody, now and then, feels "run down," "played out." They've the will, but no power to generate vitality. They're not sick enough to call a doctor, but just too sick to be well. That's where the right kind of a medicine comes in, and does for a dollar what the doctor wouldn't do for less than five or ten.

Dr. Pierce's medicines are *guaranteed* to accomplish what they are intended to do, and their makers give the money back if the result isn't apparent.

Doesn't it strike you that a medicine which the *makers* have so much confidence in, is the medicine for *you?*

Go to your drug store, pay a dollar, get a bottle and try it—try a second, a third if necessary. Before the third one's been taken you'll know that there's a remedy to help you. Then you'll keep on and a cure'll come.

Don't be put off with any inferior substitutes for Dr. Pierce's Medicines, though recommended to be "just as good."

There's nothing like them.

OUR TRADE-MARK STAMP.

To guard the public against imposition, we desire to say that all medicines manufactured, advertised and sold by us bear upon them a fine, steel engraved trade-mark stamp, having the fac-simile signature and portrait of Dr. PIERCE upon it, and the words, "Dr. Pierce's Genuine Family Medicines," and also the words "Buffalo and London," both of these phrases being repeated, and the whole appearance being substantially the same as the wood-cut which we insert in connection herewith, for the guidance of our customers The finely engraved steel print used on the medicines, is, of course, much more clear and perfect than it is possible to print from the wood-cut here used. Goods purporting to be of our manufacture, that do not bear upon them this trade-mark stamp, may safely be pronounced fraudulent, and not of our manufacture. To copy, or even imitate this registered trade-mark stamp, constitutes a felony, and we shall prosecute, to the full extent of the law, any and all persons thus infringing.

GET THE GENUINE.—Observe the above description of our trade-mark stamp and see that it is found on the *outside wrapper* of every bottle before purchasing. If you do this you can not be deceived. NEVER ACCEPT some other preparation which may be urged upon you by an unprincipled dealer, and represented to be just as good as ours, because he makes a larger profit on it than on our medicines. If your druggist is out of our medicines, or does not keep them in stock, send us the money by POSTAL ORDER on Buffalo, and we will promptly send the medicine desired by express.—WORLD'S DISPENSARY MEDICAL ASSOCIATION.

BEWARE OF SWINDLERS.

No one connected with our institutions ever travels to solicit practice, and all persons representing themeselves as formerly or at present in any way connected with our institutions and traveling about soliciting medical practice, are simply swindlers, and should be promptly arrested for fraud upon the public. We have at all times quite enough business to fully occupy our full staff of eighteen physicians and surgeons at home, and our specialists only travel to visit important cases when sent for, at Buffalo or London.

WE HAVE NO BRANCHES, EXCEPT AT No. 3 NEW OXFORD ST., LONDON, ENG.

Neither this Association nor Dr. R. V. Pierce, our President, has any connection with or responsibility for those who are advertising "Dr. Pierce's" So-called, "Magnetic, Elastic Trusses," nor have we any confidence in such devices.

INVALIDS' HOTEL AND SURGICAL INSTITUTE

663 MAIN STREET, BUFFALO, N. Y.

WORLD'S DISPENSARY MEDICAL ASSOCIATION, Proprietors.

Organized with a Full Staff of Physicians and Surgeons

FOR THE TREATMENT OF ALL CHRONIC DISEASES.

We have not the space to speak, individually, of the large number of professional gentlemen composing the Faculty of this old and world-famed institution, but will say that among them are those whose long connection with the Invalids' Hotel and Surgical Institute has rendered them *experts* in their several specialties. Several of them had previously distinguished themselves in practice, had held important professorships in Medical Colleges, and had filled responsible positions in both military and civil hospitals.

Not necessary to see Patients.

By our system of diagnosis, we can treat many chronic diseases just as successfully without as with a personal consultation. We have not seen

one person in five hundred whom we have cured. The perfect *accuracy* with which scientists are enabled to deduce the most minute particulars in their several departments, appears almost miraculous, if we view it in the light of the early ages. Take, for example, the electro-magnetic telegraph, the greatest invention of the age. Is it not a marvelous degree of accuracy which enables an operator to *exactly* locate a fracture in a submarine cable nearly three thousand miles long?

SIGNS OF DISEASE.

And so in all departments of modern science, what is required is the knowledge of certain *signs*. From these, scientists deduce accurate conclusions, regardless of distance. So, also, in medical science, diseases have certain unmistakable signs, or symptoms, and by reason of this fact, we have been enabled to originate and perfect a system of determining with the greatest accuracy, the nature of chronic diseases, without seeing or personally examining our patients. In recognizing diseases without a personal examination, we claim to possess no miraculous powers. We obtain our knowledge of the patient's disease by the practical application, to the practice of medicine, of well-established principles of modern science.

Write and describe your symptoms, inclosing ten cents in stamps, and a large, illustrated pamphlet, treating on your particular disease, will be sent you, with our terms for treatment and all particulars.

Advantages of Specialties.

By thorough organization and subdividing the practice of medicine and surgery in our institutions, every invalid is treated by a specialist—one who devotes his undivided attention to the particular class of diseases to which the case belongs. The advantage of this arrangement must be obvious. Medical science offers a vast field for investigation, and no physician can, within the brief limits of a life-time, achieve the highest degree of success in the treatment of *every* malady incident to humanity.

physicians and surgeons in this Department have made these delicate diseases their sole study.

Every case consulting our specialists, whether by letter or in person, is given the most careful and considerate attention. Every difficult case (and we get few which have not already baffled the skill of all the home physicians) has the benefit of a full Council, composed of skilled specialists. Our rooms for ladies are so arranged as to be very private. Send ten cents in stamps for our Treatise on Diseases of Women, illustrated with numerous wood-cuts and colored plates. It is always mailed *in plain sealed envelope.*

A BOON TO WOMEN.

By our new and improved method of treatment, with Electrolysis and other means of our discovery and invention, many **Fibroid** and **Fibro-Cystic Tumors** of the **Uterus** and **Ovarian Tumors** are readily reduced, and permanently cured, without pain, shock, or risk. These tumors are generally regarded as incurable by the profession, except when removed with the knife. For particulars, send ten cents in postage stamps for our Treatise on Diseases of Women.

OVARIAN TUMORS.

This Treatise cites numerous bad cases of both Fibro-Cystic and Ovarian Tumors which have been cured by our specialists without resort to the knife. Our surgeons only operate for the removal of Ovarian Tumors in exceptional cases, that is, when the tumor is very large, is interfering seriously with the health, and when its attachments are not so extensive as to preclude the possibility of successful removal with the knife. Yet, their practice annually requires them to remove many Ovarian Tumors, not favorable for reduction and cure by electrolysis. They have thereby acquired a national fame for the extraordinary success of their Ovariotomy operations. Send ten cents for pamphlet containing testimonials, references, etc.

BARRENNESS, or STERILITY, is generally due to causes which can be easily removed, yet are not generally understood by physicians, who manifest little interest and often treat lightly a subject fraught with so much importance to humanity. Our specialists have devoted to this subject careful
